

CM-7003

Set-Top Tuner for Digital Off-Air & Clear QAM Signals

Channel Master®

Features:

- View digital broadcasting on an analog TV
- Works with all digital TV antennas
- Works with basic Clear QAM Cable
- Learning Remote Control
- Easy to Navigate User Interface
- Basic Program Information Guide

The Channel Master CM-7003 is a subscription-free, antenna (ATSC) / cable (clear QAM) converter box that allows the user to tune and display digital broadcasts on older analog only TVs. The unit features a single antenna/RF input with outputs in component video, composite video, HDMI and a selectable channel 3 or 4 RF output.
